

PLASTIC FREE

LETCWORTH GARDEN CITY

SURFERS AGAINST SEWAGE

Bathrooms often contain plenty of environmentally damaging single-use plastic

Simple switches can reduce the amount of plastic used in the bathroom and reduce the liquid in your washbag!

Use a metal razor instead a plastic disposable razor.

Replace shaving foam to a bar of soap and a shaving brush.

Switch body wash to a bar of soap.

Use a shampoo bar as an alternative to a bottle of hair shampoo.

Buy a plastic free deodorant or make-up products.

Each year, millions of plastic razors are thrown away in the UK and won't degrade. Switching to a double-edged safety razors will help to reduce your plastic waste and save money. The recyclable metal body lasts longer than a disposable razor and many people think these razors give a better shave!
